Adhering to Clean Code principles	15	15	No problem was found.
Teamwork quality	10	10	Everything was shared with a good balance
Sum	100	100	

Descriptions:

We think that due to the given time and tools, this group used everything they had and knew in the most efficient way and nothing special was wrong with their implementation.

.....

Will be filled by the TA team

Referees score (S):

S = 100 - |A-B| where A is the TA score and B is the referee score to the group.
